

Good evening, War Eagle families!!!

In order to maintain a positive and productive learning environment, BPS Policy 1536 states that Wireless Communication Devices (WCD) are prohibited during instructional time. WCDs are defined as cell phones, earbuds/headphones, smart watches, personal tablets, etc. Students may use their WCDs before/after school, during class change, and at lunch. This policy will be strictly implemented and enforced in all classrooms, every day. Violation of the policy will result in corrective action. Please be sure you review the WCD Ladder, the WCD policy, and the WCD contract you signed during registration. These documents were sent last week and can also be found on the Astronaut High School Facebook page. We appreciate your support to ensure a safe and thriving learning environment for all students!
