

ALUMNI DIRECTORY PROJECT

Brevard County Public Schools

The Brevard Schools Foundation has partnered with Publishing Concepts (PCI) to compile and publish alumni directories for the following schools:

Cocoa High
Eau Gallie High
Melbourne High
Merritt Island High
Satellite High
Titusville High

PCI, our trusted partner, is in the process of mailing postcards to alumni in the above listed schools. The postcards include instructions on calling or emailing PCI to update alumni contact information so that it is accurately listed in the new directories.

Your information will help us assemble the directories and also ensure that you receive information and invitations to alumni events from your alma mater.

Please know that your information will remain protected throughout the process and will not be shared with outside entities.

When you call or email to verify your contact information, you will have the opportunity to purchase your own directory if you choose. A portion of directory sales will benefit your school.

If you have questions about the alumni directories please contact Brevard Schools Foundation at info.bsf@brevardschools.org 321-633-1000 ext. 11756.
