

ART NEWS

"Art is everywhere!"

August 26, 2019

Sabal Elementary

Hello and Welcome to the Art room:

We will be learning about the Elements of Art and the Principles of Design in all classes. We will also learn about famous Artists and how we can create our own unique Art using the Florida State standards as our guide. I am excited to be here to teach the students the Creative Process. This year your child will have the opportunity to share their Art with you with our online resource.

The students will be creating their own individual art this year, and some may be chosen for District Art shows. They will also work collaboratively with partners or groups to create Art projects.

If you would like to volunteer in the Art room before or After school please email me at mumme.stephanie@brevardschools.org. (Please make sure you are Volunteer Approved for 2019-2020, see the office for more information.) I will have you cut paper, mat projects, upload art onto our website, post art in the hallways, etc.

I hope that you and your child can visit the Local Eau Gallie Art District and see the 20+ Murals on the walls and visit the Orlando Museum of Art and some other Art Galleries on Your Travels.

Ps. The Art room always accepts donations of: Card board rolls, construction paper, yarn, markers, pencils, coffee filters, empty, clean yogurt cups, empty, clean foam egg cartons, etc. you can leave it at the front office with a note that says donation for the Art room. Thanks for your support in our program.

Yours in Art Education,

Mrs. Mumme
