Re: *ParaPro Assessment* Prep – Instructional Assistant

Brevard Adult & Community Education is excited to announce we are offering low-cost help for those who are interested in working as an Instructional Assistant and possibly furthering their career at Brevard Public Schools. The *ParaPro* Test Prep course is being offered this fall. We are asking principals to help disseminate this information to any support staff, parents and community members who may be interested in working as an Instructional Assistant and looking to attain certification.

Attached, is a flyer with upcoming class schedules. The current starting pay at BPS for an Instructional Assistant is \$13.08/hour. Posting this information in a location where staff members and others can easily view it is greatly appreciated.

Those who pass the *ParaPro Assessment* are eligible for a position as Instructional Assistant.
