

Be a
HOOVER MIDDLE SCHOOL

MENTOR

2021-2022 School Year

What does it involve?

- ***A commitment of 30 minutes a week during the school day.***
- ***Anyone who would like to invest in the lives of youth and empower students to reach their fullest potential can be a mentor! Training and support will be provided and ongoing.***
- ***A background-check and fingerprinting by the school district (\$35.00) is required before there can be contact with students. We will work with some of our school business partners to have that fee paid for you if the cost is prohibitive.***
