

Summer Reading

WITH BOOKSHARE

Universe
of Stories!

Take your students on a summer reading journey through a *Universe of Stories*.

Bookshare's summer reading program provides access to books selected for the [Collaborative Summer Library Program](#), designed to keep students motivated and excited to read.

The summer reading lists provide enriching level-appropriate tales of fantasy, science fiction, #ownvoices, STEM, and other interesting topics. Combined with Bookshare's helpful audio, word-level highlighting, braille, and customizable text and color features, summer reading could never be easier.

Bookshare memberships are FREE for U.S. schools and students with qualifying disabilities like dyslexia, blindness, and cerebral palsy.

To see the *Universe of Stories* books and other great summer transition tips, visit the Bookshare Summer Reading program.
