

IN SCHOOL AT WORK

Volume I

It has come to our attention that our tech savvy kids are finding ways to connect socially through school tools. To clarify, students are not able to communicate with each other socially during class hours using Gmail or Google Hangouts. This is to limit distractions during instruction as well as **prevent unsupervised use of academic tools managed by the school**. Whether or not you want to coordinate and monitor your child's use of other social media platforms in order to allow interaction with friends during free time is up to you and the other parents.

Thank you!

Have you heard about the Sales Surtax Renewal? When you get out and vote be sure to give your input. Freedom 7 is projected to receive \$2.2 million in projects. \$1.9 of that in facilities.

Watch Dr. Mullins' presentation for more detailed information.

Safety Patrol

Student Leadership

in Action

October 2, 2020

Our student Safety Patrol team started their service to our school this week. Students in grades 5 & 6 are given the opportunity to serve in this role. Students maintain their positions by upholding the agreements of the patrol, its duties, and they do their best to exemplify the attributes of the IB PYP Learner Profile. They patrol the hallways each morning and afternoon and promote safety for our students. You may find them assisting a younger student to class or reminding someone to tie their shoelaces. They also have the responsibility of raising and lowering the US and Florida flags each day, and are learning more about flag etiquette. You will find them involved in various leadership and action-oriented projects throughout the school year. We appreciate our Safety Patrol students and your service to our school!

Spotlight on Safety

As you might be aware, there is a law in effect to support the safety of students on campus. We appreciate you taking the time to familiarize yourself with the following:

316.306 School and work zones; prohibition on the use of a wireless communications device in a handheld manner

3)(a)1. A person may not operate a motor vehicle while using a wireless communications device in a handheld manner in a designated school crossing, school zone, or work zone area as defined in [2s. 316.003](#)(104). This subparagraph shall only be applicable to work zone areas if construction personnel are present or are operating equipment on the road or immediately adjacent to the work zone area. For the purposes of this paragraph, a motor vehicle that is stationary is not being operated and is not subject to the prohibition in this paragraph

(4)(a) Any person who violates this section commits a noncriminal traffic infraction, punishable as a moving violation, as provided in chapter 318, and shall have 3 points assessed against his or her driver license as set forth in s. [322.27](#)(3)(d)7. For a first offense under this section, in lieu of the penalty specified in s. [318.18](#) and the assessment of points, a person who violates this section may elect to participate in a wireless communications device driving safety program approved by the Department of Highway Safety and Motor Vehicles. Upon completion of such program, the penalty specified in s. [318.18](#) and associated costs may be waived by the clerk of the court and the assessment of points must be waived

Your continued support in keeping our campus safe for all of the Freedom 7 Family is much appreciated!
