Astronaut High School has an AP Academy where students can follow an AP course sequence from 9th—12th grade. If completed, the students will earn an AP Scholar Diploma. This academy offers some of the most rigorous curriculum on our campus.

Advancement via Individual Determination

Astronaut High School is an AVID school. Through our belief and commitment to students, Astronaut High School uses AVID strategies to engage all students with the use of Focused Note-Taking, Collaborative Strategies, Organizational Tools, and encouraging a College Readiness Culture.
