South Lake Elementary

3755 GARDEN ST, Titusville, FL 32796

<https://www.brevardschools.org/southlakees>

SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

1. Have an overall Federal Index below 41%;
2. Have a graduation rate at or below 67%;
3. Have a school grade of D or F; or
4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and

Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <https://www.floridacims.org>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

| SIP Sections | Title I Schoolwide Program | Charter Schools |
|--|---|------------------------|
| I-A: School Mission/Vision | | 6A-1.099827(4)(a)(1) |
| I-B-C: School Leadership, Stakeholder Involvement & SIP Monitoring | ESSA 1114(b)(2-3) | |
| I-E: Early Warning System | ESSA 1114(b)(7)(A)(iii)(III) | 6A-1.099827(4)(a)(2) |
| II-A-C: Data Review | | 6A-1.099827(4)(a)(2) |
| II-F: Progress Monitoring | ESSA 1114(b)(3) | |
| III-A: Data Analysis/Reflection | ESSA 1114(b)(6) | 6A-1.099827(4)(a)(4) |
| III-B: Area(s) of Focus | ESSA 1114(b)(7)(A)(i-iii) | |
| III-C: Other SI Priorities | | 6A-1.099827(4)(a)(5-9) |
| VI: Title I Requirements | ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g) | |

Note: Charter schools that are also Title I must comply with the requirements in both columns.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

I. School Information

School Mission and Vision

Provide the school's mission statement.

Our school community empowers students to become self-motivated lifelong learners, intuitive problem-solving citizens who are future ready. Through engaging project-based learning, students are motivated to explore and experience Science, Technology, Engineering, Arts and Mathematics. Our goal is to ignite the passion of learning so that students discover their inner champion while ensuring future leaders.

Provide the school's vision statement.

Our vision is to engage, inspire, and empower a community of learners in collaborating, innovating, and preparing them for future readiness.

School Leadership Team, Stakeholder Involvement and SIP Monitoring

School Leadership Team

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

| Name | Position Title | Job Duties and Responsibilities |
|---------------------|---------------------|--|
| Brockwell, Jennifer | Principal | The principal will engage stakeholders through the School Advisory Council; be a data and instructional leader; provide leadership in the school improvement process; continue providing support to the Project Based Learning Process; view early warning indicators and continue to find ways to close achievement gaps; collaborate and progress monitor with teachers when viewing student data and instruction; conduct professional development to meet the needs of our teachers; and continue to lead the school with excellence. |
| | Assistant Principal | The Assistant Principal will look at data to help make instructional decisions; continue to monitor the below grade level spreadsheets to help to provide teachers with intervention; continue to be a data and instructional leader and collaborate in the school's decision making process; coordinate differentiated professional development; be a support to teachers; support with curriculum needs; be the testing coordinator; and monitor the academic support program. She will continue to review data from previous surveys from students, parents, and staff to make decisions on what is best for South Lake Elementary! |
| Johnson, Erin | Reading Coach | The Literacy Coach will continue to support teachers with implementing the ELA curriculum and expectations; be a data leader; participate in grade level meetings to support ELA planning; support teachers with teaching practices; support teachers with reading intervention groups; support i-Ready reading; and continue delivering professional development opportunities based on need. The Literacy Coach will help support teachers with the MTSS (Multi-Tiered Systems of Support) process and the digital process/forms. She will support teachers through classroom walkthroughs and give specific feedback to help growth. She will monitor the i-Ready reading and math minutes. She will work with teachers during collaborative planning sessions. |

Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

Our School Advisory Council is comprised of key stakeholders. We seek input and feedback during SAC meetings.

SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

Staff and the School Advisory Committee review data regularly. We use data to make instructional decisions that impacts our students and increases the achievement of students in meeting the State's

academic standards. We monitor the lowest 25% regularly and also schools CMA (Collaborative Mutual Accountability) teams focus on the lowest 25%.

| Demographic Data | |
|--|---|
| 2023-24 Status (per MSID File) | Active |
| School Type and Grades Served (per MSID File) | Elementary School KG-6 |
| Primary Service Type (per MSID File) | K-12 General Education |
| 2022-23 Title I School Status | No |
| 2022-23 Minority Rate | 17% |
| 2022-23 Economically Disadvantaged (FRL) Rate | 33% |
| Charter School | No |
| RAISE School | No |
| 2021-22 ESSA Identification | N/A |
| Eligible for Unified School Improvement Grant (UniSIG) | No |

Early Warning Systems

Using 2022-23 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| Indicator | Grade Level | | | | | | | | | Total |
|---|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Absent 10% or more days | 3 | 5 | 2 | 1 | 3 | 1 | 4 | 0 | 0 | 19 |
| One or more suspensions | 0 | 1 | 0 | 1 | 1 | 2 | 4 | 0 | 0 | 9 |
| Course failure in English Language Arts (ELA) | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |
| Course failure in Math | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |
| Level 1 on statewide ELA assessment | 0 | 0 | 0 | 1 | 3 | 7 | 4 | 0 | 0 | 15 |
| Level 1 on statewide Math assessment | 0 | 0 | 0 | 1 | 3 | 5 | 5 | 0 | 0 | 14 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.0531, F.A.C. | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| Indicator | Grade Level | | | | | | | | | Total |
|--------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | 0 | 1 | 0 | 0 | 0 | 2 | 0 | 0 | 0 | 3 |

Using the table above, complete the table below with the number of students identified retained:

| Indicator | Grade Level | | | | | | | | | Total |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained Students: Current Year | 0 | 1 | 0 | 1 | 0 | 0 | 0 | 0 | 0 | 2 |
| Students retained two or more times | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |

Prior Year (2022-23) As Initially Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| Indicator | Grade Level | | | | | | | | | Total |
|---|-------------|---|----|----|---|---|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Absent 10% or more days | 0 | 1 | 12 | 10 | 7 | 8 | 15 | 0 | 0 | 53 |
| One or more suspensions | 0 | 2 | 1 | 0 | 1 | 1 | 5 | 0 | 0 | 10 |
| Course failure in ELA | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |
| Course failure in Math | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |
| Level 1 on statewide ELA assessment | 0 | 0 | 0 | 0 | 2 | 6 | 2 | 0 | 0 | 10 |
| Level 1 on statewide Math assessment | 0 | 0 | 0 | 0 | 7 | 8 | 7 | 0 | 0 | 22 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.0531, F.A.C. | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |

The number of students by current grade level that had two or more early warning indicators:

| Indicator | Grade Level | | | | | | | | | Total |
|--------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | 0 | 1 | 1 | 0 | 1 | 1 | 4 | 0 | 0 | 8 |

The number of students identified retained:

| Indicator | Grade Level | | | | | | | | | Total |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained Students: Current Year | 1 | 0 | 0 | 0 | 0 | 1 | 0 | 0 | 0 | 2 |
| Students retained two or more times | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |

Prior Year (2022-23) Updated (pre-populated)

Section 3 includes data tables that are pre-populated based off information submitted in prior year's SIP.

The number of students by grade level that exhibited each early warning indicator:

| Indicator | Grade Level | | | | | | | | | Total |
|---|-------------|---|----|----|---|---|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Absent 10% or more days | 0 | 1 | 12 | 10 | 7 | 8 | 15 | 0 | 0 | 53 |
| One or more suspensions | 0 | 2 | 1 | 0 | 1 | 1 | 5 | 0 | 0 | 10 |
| Course failure in ELA | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |
| Course failure in Math | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |
| Level 1 on statewide ELA assessment | 0 | 0 | 0 | 0 | 2 | 6 | 2 | 0 | 0 | 10 |
| Level 1 on statewide Math assessment | 0 | 0 | 0 | 0 | 7 | 8 | 7 | 0 | 0 | 22 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.0531, F.A.C. | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |

The number of students by current grade level that had two or more early warning indicators:

| Indicator | Grade Level | | | | | | | | | Total |
|--------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | 0 | 1 | 1 | 0 | 1 | 1 | 4 | 0 | 0 | 8 |

The number of students identified retained:

| Indicator | Grade Level | | | | | | | | | Total |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained Students: Current Year | 1 | 0 | 0 | 0 | 0 | 1 | 0 | 0 | 0 | 2 |
| Students retained two or more times | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |

II. Needs Assessment/Data Review

ESSA School, District and State Comparison (pre-populated)

Please note that the district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each "blank" cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

On April 9, 2021, FDOE Emergency Order No. 2021-EO-02 made 2020-21 school grades optional. They have been removed from this publication.

| Accountability Component | 2022 | | | 2019 | | |
|-----------------------------|--------|----------|-------|--------|----------|-------|
| | School | District | State | School | District | State |
| ELA Achievement* | 78 | 61 | 56 | 69 | 62 | 57 |
| ELA Learning Gains | 73 | 63 | 61 | 59 | 60 | 58 |
| ELA Lowest 25th Percentile | 60 | 54 | 52 | 60 | 57 | 53 |
| Math Achievement* | 76 | 60 | 60 | 67 | 63 | 63 |
| Math Learning Gains | 63 | 64 | 64 | 60 | 65 | 62 |
| Math Lowest 25th Percentile | 49 | 55 | 55 | 62 | 53 | 51 |

| Accountability Component | 2022 | | | 2019 | | |
|---------------------------------|--------|----------|-------|--------|----------|-------|
| | School | District | State | School | District | State |
| Science Achievement* | 82 | 56 | 51 | 65 | 57 | 53 |
| Social Studies Achievement* | | 0 | 50 | | 0 | |
| Middle School Acceleration | | | | | | |
| Graduation Rate | | | | | | |
| College and Career Acceleration | | | | | | |
| ELP Progress | | | | | | |

* In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPI) than in school grades calculation.

See [Florida School Grades, School Improvement Ratings and DJJ Accountability Ratings](#).

ESSA School-Level Data Review (pre-populated)

| 2021-22 ESSA Federal Index | |

Grade Level Data Review– State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested, or all tested students scoring the same.

III. Planning for Improvement

Data Analysis/Reflection
 Answer the following reflection prompts after examining any/all relevant school data sources.

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

- Level 1 - Inadequate: Highly likely to need substantial support for the next grade/course
- Level 2 - Below Satisfactory: Likely to need substantial support for the next grade/course
- Level 3 - On Grade Level: May need additional support for the next grade/course
- Level 4 - Proficient: Likely to excel in the next grade/course
- Level 5 - Mastery: Highly likely to excel in the next grade/course

2021-2022 Mathematics Assessment Results by Achievement Level (FSA)
 All students grades 3-6
 Level 1 - 12.9%
 Level 2 - 11.2%
 Level 3 - 32.1%
 Level 4 - 30.4%
 Level 5 - 13.4%
 2020-2021 Mathematics Assessment Results by Achievement Level (FSA)

Math Learning Gains - 70%

Math lowest 25% learning gains - 55%

Looking at our Mathematics FAST current data for the 2022-2023 school year we noticed the following trends: (This data is input to be able to compare better data in the 2023-2024 school year)

Current 4th graders - 3 level 1s; 3 level 2s

Current 5th graders - 5 level 1s; 9 level 2s

Current 6th graders - 4 level 1s; 11 level 2s

Current 4th grade ESE students - 1 level 1; 1 level 2

Current 5th grade ESE students - 3 level 1s; 1 level 2

Current 6th grade ESE students - 2 level 1s; 4 level 2s

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

South Lake's students with disabilities in the area of mathematics continue to show the lowest performance when reviewing data and data trends. Last year the VE (Varying Exceptionality) full-time teacher resigned in December and we were unable to fill that position. Due to two resource teachers being spread thin, we think this could be one contributing factor to low performance; however, we are starting to see trends (from 2020 - 2021 to 2021-2022) with the students with disabilities declining in math. Level 1s are increasing and math achievement and learning gains are decreasing.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Our scores show the greatest decline in the area of our students with disabilities and math. SWD decreased 14% in students achievement with scoring a level 3 or higher; decreased 25% in students making learning gains; and 22% of the lowest 25% making learning gains.

Students with disabilities have been pulled out of the class to receive services which leads South Lake to believe that while they are getting instruction based on their current academic level, we find that gaps are consistent with the level of current grade level academic standards being addressed and exposed to.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

State Data - 2021-2022 Mathematics Assessment Results by Achievement Level (FSA)

All students:

Level 1: 28.7%

Level 2: 18.2%

Level 3: 25.6%

Level 4: 17.3%

Level 5: 10.2%

State Data - 2021-2022 Mathematics Assessment Results by Achievement Level (FSA)

Students with disabilities:

Level 1 - 53%

Level 2 - 19.1%

Level 3 - 17.3%

Level 4 - 8.2%

Level 5 - 2.4%

The data component that had the greatest gap when compared to the state average are the students with disabilities scoring a level 5 was at 2.4% for the state and 0% at South Lake.

A factor that contributed to this gap and trends would be the consistency of having a classroom teacher in place and the level of supports versus the requirements for grade level material. Interventions to support math have been a struggle for South Lake.

Which data component showed the most improvement? What new actions did your school take in this area?

The data component that showed the most improvement is in the area of meeting the needs of our non-disabled students.

South Lake student's scored 15.8% fewer level 1s versus the state; 7% fewer level 2s; 6.5% greater level 3s; 13.1% greater level 4s; and 3.2% greater level 5s.

South Lake's school improvement was focused on math for the 2022-2023 school year, and we did show gains in the data that was reviewed during the school year. (i-Ready growth K-6 48% on grade level for diagnostic 1 to 73% on grade level in math for diagnostic 2)

We analyzed the FSA data for the 2021-2022 school year and we noticed that many of our students struggled with math so that is why we made it a priority. Administration monitored the i-Ready diagnostic scores with fidelity. We also had the math coach out for Professional Development during grade level meetings. South Lake had a focus on fluency and the benchmarks for mathematical thinking and reasoning. South Lake worked with the math coach to discuss math practices, i-Ready tools for

instruction, and brainstormed ways to meet the needs of all learners. Through the data we noticed that we were able to reach the middle and high students but our below grade level students are still struggling.

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Reflecting on the early warning system data for South Lake, there are two areas of concern.

New students to South Lake have been flagged on the EWS indicator data and many are with two or more indicators. Our goal is to identify each and every student that had two or more indicators and dig deeper in the data and attendance to help close gaps and support these students.

Fifth and Sixth grade students have the most level 1s in mathematics. Our goal is to identify each and every student that scored a level 1 in ELA and mathematics and look deeper into the data to work on closing gaps. What we have found at South Lake that class size from 3rd grade (18) to 4th grade (22) allows for us to pull 12 from the waitlist. Many times we find gaps in what instruction students have received so our intervention plans will really help to support in this area.

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

- 1.) South Lake will work on including our exceptional education students into the general education setting whenever possible.
- 2.) Math intervention groups being done with fidelity during the math blocks
- 3.) Bringing back a project based learning approach and students being connected to the "why" behind what they are doing and have "real-world" application opportunities and experiences.

Area of Focus

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#1. Positive Culture and Environment specifically relating to Other

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners. One area of focus for South Lake will utilize the "Youth Truth Survey"* (grades 3-6) to hear the students voice and turn to students and key stakeholders to make impactful changes in response to the data that was collected. South Lake scored in the 30th percentile rank in the area of Project Based Learning.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

South Lake will focus on Project-Based Learning:

The survey describes students' experiences collaborating on, improving, and presenting projects. Themes include the frequency of real-world discussions, and the integration of PBLs (Project Based Learning) across subject areas. Here are data points from the Youth Truth Survey* (2022-2023 grades 3-6):

PBL percent positives: % of student who chose a 3 (yes, very often)

(2 - sometimes; 1 - not very much)

Does what you learn during school help you think about what you want to do when you grow up? 22%

Do the things that you learn during class help you outside of school? 28%

Do group projects make you a better student? 40%

Do the things that you learn in one subject help you in other subjects? 13%

Work on hands-on projects with other students? 34%

Talk with classmates about problems in the real world? 19%

Click on Youth Truth Survey

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

South Lake will revisit the specific questions and in our action steps we will list ways to monitor the fidelity of PBLs being implemented in all grade levels.

Person responsible for monitoring outcome:

Jennifer Brockwell (brockwell.jennifer@brevardschools.org)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

A grant from the Fund for Shared Insight and a partnership with SRI Education resulted in the Youth Truth Concurrent and Predictive Validity Study, confirming the efficacy of Youth Truth's student experience

scales in school improvement efforts.

The 15-year research synthesis from the American Educational Research Association (AERA), "Research Synthesis of the Associations Between Socioeconomic Background, Inequality, School Climate, and Academic Achievement," suggests that by promoting a positive climate, schools can allow greater equality in educational opportunities, decrease socioeconomic inequalities, and enable more social mobility for students.

Stanford University's John W. Gardner Center finds that students' motivational beliefs are closely related to their achievement. Classroom practices that encourage effort and understanding and create a caring learning environment will improve student motivation.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Based on our student population and specific focus of how we are different from other schools, being a choice school, it is important that we re-focus on STEAM and PBLs.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Give teachers the Youth Truth survey questions so they know what the students are asked and embed those types of questions and conversations in the delivery of instruction. This will also help support teachers with a focus when building PBLs.

Person Responsible: Jennifer Brockwell (brockwell.jennifer@brevardschools.org)

By When: 8/10/2023 & 5/24/2024

Professional Development on Project Based Learning - admin will coordinate a Project Based Learning PD where they can share information and selected teachers will share what PBL's they have had success doing.

Person Responsible: Jennifer Brockwell (brockwell.jennifer@brevardschools.org)

By When: 10/13/2023 - Friday Professional Development Day

All grades must do at least one PBL by May 24, 2024

Person Responsible: Jennifer Brockwell (brockwell.jennifer@brevardschools.org)

By When: May 24, 2024

#2. Instructional Practice specifically relating to Intervention

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Admin has built math intervention time into the teacher schedules but it has not been monitored and admin needs to support specific areas of need for the intervention groups. Math intervention is instruction to help students who need extra support to master important math concepts. At its core, math intervention is instruction aimed to filling gaps.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Current Data:

Looking at our Mathematics FAST current data for the 2022-2023 school year we noticed the following:

Current 4th graders - 3 level 1s; 3 level 2s

Current 5th graders - 5 level 1s; 9 level 2s

Current 6th graders - 4 level 1s; 11 level 2s

Current 4th grade ESE students - 1 level 1; 1 level 2

Current 5th grade ESE students - 3 level 1s; 1 level 2

Current 6th grade ESE students - 2 level 1s; 4 level 2s

Specific Measurable outcome that the school plans to achieve:

We would like to decrease the number of level 1s and level 2s in grades 4-6 for our general education students and our students with disabilities.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Admin will give feedback in the area of math during the intervention block. Admin will use math checklists (district created Reveal) and also an administrator walk-through informal tool (Math classroom observation rubric based on Instructional Practice Guide) related to math.

Person responsible for monitoring outcome:

Jennifer Brockwell (brockwell.jennifer@brevardschools.org)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

We are utilizing evidence based strategies of collaborative teaching, interventions provided within the general education classroom, and additional small group direct instruction. We are also engaging in Professional Development to ensure that teachers are receiving materials to help improve students instruction based on students' specific needs.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Teachers will attend a training from admin to review the tools provided within the i-Ready platform. We will review the instructional groups of students and develop a plan on action.

Person Responsible: Jennifer Brockwell (brockwell.jennifer@brevardschools.org)

By When: After the first i-Ready diagnostic

Building Thinking Classroom Professional Development presented by Linda Wakeman, 4th grade teacher and the math group that did the book study. Admin will follow up with teachers to see if they put PD to practice in the classroom.

Person Responsible: Jennifer Brockwell (brockwell.jennifer@brevardschools.org)

By When: Ongoing

Academic Support Program will be offered to students in 3rd - 6th grade after school. Students who have the opportunity to attend ASP include: grade 3-6 students that are substantially deficient or below grade level in math.

Person Responsible: Jennifer Brockwell (brockwell.jennifer@brevardschools.org)

By When: Depends on funding approximately April 2024

Collaborative planning with teachers to have discussions about math intervention block, what groups are established, and what resources are being used or specific standards targeted. We will also have conversations about students that have IEPs in the area of ELA and see if a math goal is needed and bring that to the child study team.

Person Responsible: Jennifer Brockwell (brockwell.jennifer@brevardschools.org)

By When: May 2024 - ongoing monthly

#3. ESSA Subgroup specifically relating to Students with Disabilities**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

We are going to focus on our lowest 25% of students in math and especially focus on students with disabilities.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

South Lake has a history of decline in the area of math and students with disabilities not making proficiency level or learning gains. Our scores (from comparing the last two year of FSA testing) show the greatest decline in the area of our students with disabilities and math. SWD decreased 14% in students achievement with scoring a level 3 or higher; decreased 25% in students making learning gains; and 22% of the lowest 25% making learning gains.

Our goal is to increase the number of level 3s or higher and increase learning gains in grades 4-6.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Data will be reviewed closely on the students that are identified as our lowest 25% and students with learning disabilities in math.

Person responsible for monitoring outcome:

Jennifer Brockwell (brockwell.jennifer@brevardschools.org)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Teachers will utilize the math i-Ready program with fidelity and a goal of 45 minutes weekly. There will be a focus on monitoring our students with disabilities and ensuring they get their minutes accomplished.

Person Responsible: Erin Johnson (johnson.erin@brevardschools.org)

By When: Ongoing for the 2023-2024 school year

Build a chart of the lowest 25% and students with math disabilities to track data. The chart will include if the student is receiving Tier 2 or 3 instruction, if the student has been added to the IPST (Individual Problem Solving Team) calendar, FAST progress monitoring 1, 2, and 3 scores, and i-Ready math diagnostic 1 & 2 scores. We will also help support teachers with pre-requisite reports after the i-Ready diagnostics.

Person Responsible: Jennifer Brockwell (brockwell.jennifer@brevardschools.org)

By When: Ongoing for the 2023-2024 school year
